(1) This measure of socioeconomic status helps identify ZIP codes with the best conditions for quality schools. It is based on the U.S. Census Bureau's Socioeconomic Status (SES) measure with weights adjusted to more strongly reflect the educational aspect of social status (education 2:1 to income & occupation). Factors in this measure are income, educational achievement and occupation of persons within the ZIP code. Since this measure is based on the population of an entire ZIP code, it may not reflect the nature of an individual school.
